

BATT-7.5-LI

Lithium Rechargeable Battery

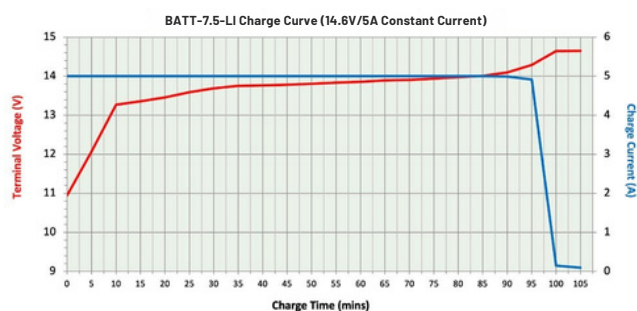

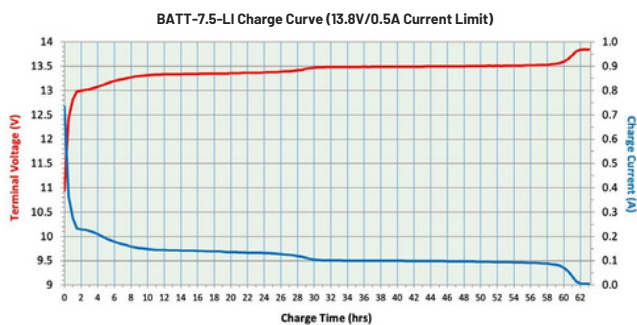

- Rated Voltage 12.8VDC
- No Maintenance Required
- Self Discharge Rate <3% Per Month
- Lower long term costs
- Storage Capacity 7.5 Ah
- Compliant to EN61000-6-1 / EN61000-6-3
- Charge Efficiency 95 - 98%
- Lasts up to 10 times longer than conventional lead acid batteries
