

# ES1219

## Narrow Vertical Tripod Turnstile

- Smooth, low-noise operation with a robust brushless motor for long service life.
- Clear LED indicators: green for valid access, red for invalid credentials.
- Flexible card memory options — with memory or without memory settings.
- Automatic reset returns the turnstile to locked mode if passage isn't completed in the set time.
- Compatible with IC/ID cards, scanning systems, and facial recognition for versatile access control.
- Standardised external electrical interface for easy system integration.
- Expandable functionality to support access control, attendance tracking, and fee systems.
- Narrow, space-saving design ideal for environments with limited footprint.

### Dimensions:

All dimensions in mm

### Specification:

Power	35W
Material	$\delta=1.5\text{mm}$ SUS304
Bar Material	SUS201
Power Supply	24v 50W
Pass Width	550mm
Movement	Tripod turnstile movement with anti-pass back function
Indicator Light	RGB Light
Control Unit	Main Board
IP Rating	IP4X
Communication Interface	Dry Contact & RS485
Environment	Indoor and Outdoor (Outdoor with canopy)
